

Memorandum to Mrs. Weyand of vd Merwe-Greeff Andima Inc.:

[1.] Following our consultation this morning with Dr. Elton Black and Mrs. Valeria Muchero, we advise that the following letter be sent out to the Registrar immediately:

PUBLIC NOTICE:

1. Heritage Health Medical Aid Fund (“Fund”) has become aware that the Registrar of Medical Aid Funds (“Registrar”) has issued written statement informing the public, amongst others, that he has lodged an application to the High Court in which he seeks that the Fund be liquidated.
2. The public notice does not mention that the Fund is opposing the application and has instituted a counter-application wherein it seeks relief against the Registrar.
3. Upon being informed that the public notice could create the impression that the Fund is being liquidated due to financial issues, and that such a message is malicious, the Registrar indicated that the public notice was not intended to convey such a message.

[2.] This notice should be published as widely as possible.

We advise accordingly.

Reinhardt Töttemeyer, SC *et* Japie Jacobs
