Fund membership is effective from the first day of the month. Members may join during the year, as the Fund's benefit year is from 1 January to 31 December. Members may receive pro-rated benefits when joining during the course of the year. Resignation notices received after the 15<sup>th</sup> will only become effective in the subsequent month.

## PRE-EXISTING CONDITIONS AND NON-DISCLOSURES

- Pre-existing conditions are any medical-related condition and/or symptom for which treatment was received before joining the Fund.

- Should the 3-month cut-off period be missed the above-mentioned waiting periods and exclusions will apply.

## PRE-AUTHORISATION AND MEDICATION REGISTRATION

### • Major Expense Pre-Authorisation

Heritage Health members must obtain pre-authorisation before any major medical benefit will cover any claims. For all planned or emergency hospital admission, specialised radiology, or selected procedures members must contact the Fund to confirm their authorisation number.

Hospital pre-authorisation is a process where a member applies to the Fund prior to hospital admission. Members must obtain pre-authorisation at least 72 hours before hospital admission for a planned procedure. In the case of an emergency requiring hospital admission, authorisation is mandatory within 48 hours after hospital admission.

### • Travel Expense Pre-Authorisation

The Fund reimburses members for travel expenses if treatment can only be done outside the town where they normally reside. Travel expenses will only be reimbursed upon pre-authorisation. The following information is required for pre-authorisation.

- A referral letter from the treating doctor
- The date of the treatment appointment
- Completed Travel Reimbursement form with supporting documents
  - Proof of expenses paid
  - Travel documents (e.g., ticket)
  - Pre-authorisation letter from the Fund

The maximum reimbursement fee for travel expenses whether by own private vehicle, by air or by bus is N\$ 7,500 per family per annum.

### • Chronic Medication Registration

#### ▪ Chronic Medication

Chronic medication is medicine needed to treat a long-term illness. It is taken on a regular basis, usually daily, for a period of 3 months or longer. To ensure appropriate funding, members with chronic conditions should inform the Fund of their conditions as soon as a healthcare provider has diagnosed and provided a prescription for chronic medication. Chronic medication is subject to the available benefits as indicated under each benefit option. When chronic benefits are depleted, the available acute medication benefit is then utilised.

#### ▪ Acute Medication

Acute medication is medicine prescribed once off for less than a month by a healthcare provider, or medicine for conditions not listed or recognised as chronic conditions by the Fund.

#### ▪ Self-Medication

Self-medication is also referred to as over-the-counter (OTC) medication. It is medicine bought from a pharmacy without a doctor's prescription.

#### ▪ Medication Co-Payment Information

It is important to note that you have a choice between branded and generic medication items and by choosing a branded item you will be subjected to a 51% co-payment. To avoid this co-payment ***please ask your healthcare service provider for a generic alternative.*** When purchasing a generic alternative, you will only be subjected to a 30% co-payment. This rule does not apply to Moringa and Aloe plans.

## CLAIMS AND CONTRIBUTIONS

### • Published Tariffs

- Should members make use of service providers charging above the rates published in the product benefit booklet, members will need to Fund any charges over and above these rates out of their own pockets.

### • Claims Submission

- Claims should be submitted within 4 months from the date on which the services were rendered, otherwise members may lose their right to payment in respect of these claims.

### • Contribution Payment

- Contributions are payable in advance by no later than the 7<sup>th</sup> of each month. Debit orders will be deducted on the 1<sup>st</sup> of every month, except if the 1<sup>st</sup> day of the month falls on a weekend or public holiday.
- The Fund may suspend the payment of claims if members are more than 30 days behind with the contribution payments. After 3 months of suspension, the Fund may terminate membership if contributions are in arrears for more than 90 days.

## ADDITIONAL INSURANCE BENEFITS

### • International Medical Travel Insurance

The Fund through International Medical Travel Insurance provides for **emergency** medical expenses for members and/or their dependants traveling internationally.
