40110	X-ray of the abdomen multiple views including chest	72125	X-ray of the right knee including patella
40210	Ultrasound study of the whole abdomen including the pelvis	72150	X-ray both knees standing? Single view
43250	Ultrasound study of the pregnant uterus, first trimester	73100	X-ray of the left lower leg
43260	Ultrasound study of the pregnant uterus, second trimester	73105	X-ray of the right lower leg
43270	Ultrasound study fo the pregnant uterus, third trimester, first visit	74100	X-ray of the left ankle
51110	X-ray of the cervical spine, one or two views	74105	X-ray of the right ankle
51120	X-ray of the cervical spine, more than two views	74120	X-ray of the left foot
53110	X-ray of the lumbar spine, one or two views	74125	X-ray of the right foot
53120	X-ray of the lumbar spine, more than two views	74130	X-ray of the left calcaneus
55100	X-ray of the pelvis	74135	X-ray of the right calcaneus
56100	X-ray of the left hip	74140	X-ray of both feet - standing - single view
56110	X-ray of the right hip	74145	X-ray of a toe
56120	X-ray pelvis and hips		
61100	X-ray of the left clavicle		
61105	X-ray of the right clavicle		
61110	X-ray of the left scapula		
61115	X-ray of the right scapula		
61120	Y-ray of the left scapula		

- 61120 X-ray of the left scapula
- 61125 X-ray of the right acromio-clavicular joint
- 61130 X-ray of the left shoulder
- 61135 X-ray of the right shoulder

#### PATHOLOGY

### **ADDITIONAL INFORMATION**

#### JOINING AND RESIGNING THE FUND

#### · Joining

Fund membership is effective from the first day of the month. Members may join during the year, as the Fund's benefit year is from 1 January to 31 December. Members may receive pro-rated benefits when joining during the course of the year. This means that annual benefit limits may be calculated according to the number of months left in the benefit year from the date of joining.

#### · Resigning

Members are required to provide one month written notice when resigning the Fund by submitting a resignation notice by the 15<sup>th</sup> of the month and paying contributions for the notice month. Resignation notices received after the 15<sup>th</sup> will only become effective in the subsequent month.

#### PRE-EXISTING CONDITIONS AND NON-DISCLOSURES

• Pre-existing conditions are any medical-related condition and/or symptom for which treatment was received before joining the Fund.

- A 12-month exclusion period may be placed on such conditions, meaning that all costs incurred on any related treatment will not be covered by the Fund during this period.
- If found that, misleading or incorrect information was submitted or that relevant information such as the presence of pre-existing conditions was deliberately omitted on an application form, the Fund may in terms of its rules reunderwrite the members application or terminate the members Fund membership.

#### WAITING PERIODS AND EXCLUSIONS

#### New Individual Members

- A general waiting period of **3 months** will apply for all new members.
- A *condition specific waiting period* of **12 months** will apply to day-to-day and major medical expense claims relating to specific illnesses. If a principal member and/or dependant suffers from a specific illness, the Fund has the right to exclude benefits for this specific condition for a period of up to 12 months.
- A maternity waiting period of 12 months will apply to day-to-day and major medical expense claims relating to members that join the Fund already pregnant. All maternity related treatment is included under the 12 months waiting period.

#### New Employer Group Members

- The Fund may waive the above-mentioned waiting periods and exclusions for members/dependants that join the Fund as part of an employer group provided that they become members within 3 months after becoming eligible for membership.
- Should the 3-month cut-off period be missed the above-mentioned waiting periods and exclusions will apply.

#### Continued Condition-Specific Waiting Period

• A condition-specific waiting period will apply if the previous medical aid Fund imposed such a waiting period and it had not expired at the time of termination.

#### New Born or Adopted Dependents

- New-borns must be registered on the medical aid within 30 days of their date of birth, in order to qualify for immediate benefits.
- If a member applies to register a baby older than 30 days or newly adopted child as a dependant after 3 months following the date of birth or adoption of the child, the Fund may subject the child dependant to a waiting period.

#### PRE-AUTHORISATION AND MEDICATION REGISTRATION

#### Major Expense Pre-Authorisation

Heritage Health members must obtain pre-authorisation before any major medical benefit will cover any claims. For all planned or emergency hospital admission, specialised radiology, or selected procedures members must contact the Fund to confirm their authorisation number.

Hospital pre-authorisation is a process where a member applies to the Fund prior to hospital admission. Members must obtain pre-authorisation at least 72 hours before hospital admission for a planned procedure. In the case of an emergency requiring hospital admission, authorisation is mandatory within 48 hours after hospital admission.

#### Travel Expense Pre-Authorisation

The Fund reimburses members for travel expenses if treatment can only be done outside the town where they normally reside. Travel expenses will only be reimbursed upon pre-authorisation. The following information is required for pre-authorisation.

- A referral letter from the treating doctor
- The date of the treatment appointment
- Completed Travel Reimbursement form with supporting documents
  - Proof of expenses paid
  - Travel documents (e.g., ticket)
  - Pre-authorisation letter from the Fund

The maximum reimbursement fee for travel expenses whether by own private vehicle, by air or by bus is N\$ 7,500 per family per annum.

#### REFERRALS

#### · Referral and authorisation for physiotherapy treatment in-hospital

In hospital physiotherapist treatment must be approved by the Fund on the patient's authorisation.

Without a doctors referral letter and Fund authorisation claims for the physiotherapist will not be refunded. For the post-op treatment for patients who had orthopaedic surgery, Physiotherapists have to apply in advance for the authorisation. The authorisation date should be effective from the date of treatment after the patient was discharged.

#### · Referral for specific specialist treatment

To access an obstetrics and gynaecology specialist, paediatrician and orthopaedic surgeon, a GP will first have to be consulted to determine if a specialist visit is really clinically necessary. These mentioned specialist claims will be rejected in the absence of a referral letter from a GP.

#### **INTER-HOSPITAL TRANSFERS**

No payment will be done for the inter-hospital transfer of patients from a facility that does not have on-site radiology services, to an off-site facility that does provide the service. One of the criteria's to be registered as a hospital is to have an on-site radiology service. Any Hospital without such a service may not bill transfer cost to a patient.

#### CHRONIC MEDICATION REGISTRATION

#### Chronic Medication

Chronic medication is medicine needed to treat a long-term illness. It is taken on a regular basis, usually daily, for a period of 3 months or longer. To ensure appropriate funding, members with chronic conditions should inform the Fund of their conditions as soon as a healthcare provider has diagnosed and provided a prescription for chronic medication. Chronic medication is subject to the available benefits as indicated under each benefit option. When chronic benefits are depleted, the available acute medication benefit is then utilised.

#### Acute Medication

Acute medication is medicine prescribed once off for less than a month by a healthcare provider, or medicine for conditions not listed or recognised as chronic conditions by the Fund.

#### · Self-Medication

Self-medication is also referred to as over-the-counter (OTC) medication. It is medicine bought from a pharmacy without a doctor's prescription.

#### Medication Co-Payment Information

It is important to note that you have a choice between branded and generic medication items and by choosing a branded item you will be subjected to a 51% co-payment. To avoid this co-payment *please ask your healthcare service provider for a generic alternative.* When purchasing a generic alternative, you will only be subjected to a 30% co-payment. This rule does not apply to Moringa and Aloe plans.

#### **CLAIMS AND CONTRIBUTIONS**

#### Published Tariffs

• Should members make use of service providers charging above the rates published in the product benefit booklet, members will need to Fund any charges over and above these rates out of their own pockets.

#### · Claims Submission

 Claims should be submitted within 4 months from the date on which the services were rendered, otherwise members may lose their right to payment in respect of these claims.

#### Contribution Payment

- Contributions are payable in advance by no later than the 7<sup>th</sup> of each month. Debit orders will be deducted on the 1<sup>st</sup> of every month, except if the 1<sup>st</sup> day of the month falls on a weekend or public holiday.
- The Fund may suspend the payment of claims if members are more than 30 days behind with the contribution payments. After 3 months of suspension, the Fund may terminate membership if contributions are in arrears for more than 90 days.

#### ADDITIONAL INSURANCE BENEFITS

#### International Medical Travel Insurance

The Fund through International Medical Travel Insurance provides for *emergency* medical expenses for members and/or their dependants traveling internationally. The cover is limited to N\$ 10 million per incident, up to a maximum of 90 days per trip, and 180 days in total per annum in a foreign country. The International Medical Travel Insurance does not apply to any non-emergency and planned elective surgery or procedure. *This benefit does not apply to Moringa and Aloe products*.

#### Emergency Evacuation

The Fund through Rescue Me Insurance, offers emergency evacuation services by road and by air to all active members. All authorised air ambulance flights and long-distance road ambulance transport services are covered. All emergency services required for life sustaining during evacuation are covered.

#### **CHANGING PERSONAL DETAILS OR BENEFIT OPTIONS**

#### · Changing Personal Details

The Fund requires that members provide up-to-date personal and banking details. Kindly inform the Fund should there be any changes in the following;

- Contact details
- Banking details
- Marital status
- Addition or termination of dependants
- Passing away of the principal member or any registered dependant(s)

The Fund will not be held liable for any service not provided to the member due to the member's failure to furnish or update their relevant details.

#### · Changing Benefit Options

Members can submit requests to change benefit option up to the 15<sup>th</sup> of January of the new benefit year. Members will receive new membership cards should they change their benefit option.

### **Clinitouch Remote Patient Monitoring**

Proven remote patient monitoring technology from the UK is now available to people in Namibia as Clinico Health Group announces new partner.

Access, affordability and quality of healthcare services in Namibia are set to be transformed through a pioneering new partnership between Clinico Health Group and Clinitouch.

The remote patient monitoring technology, developed by UK-based Spirit Health and powered by Microsoft, allows medical professionals to track people's health from anywhere, helping to provide better care, no matter the location.

The partnership will focus on 'lifestyle conditions', including Type 2 diabetes and hypertension, where remote monitoring technology can help to monitor symptoms and promote better self-management. It will also explore digital health pathways for asthma, post-operative monitoring and infections that can be managed within primary healthcare.

With proven results that Clinitouch helps to reduce hospital admissions for long-term conditions, this partnership will deliver better care for patients whilst helping to reducing high claims costs for insurers. All patients severely impacted by chronic health conditions or that are far removed from medical services are encouraged to make use of the Clinitouch Remote Patient Monitoring program.

To make use of the Clinitouch service, you will need a smart phone or tablet. Clinitouch allows you to stay in touch with our team of doctors and nurses. The Clinitouch application allows for small surveys informing us about your health condition as well as inserting your daily health readings taken from your medical devices be it scale, blood pressure or blood sugar measurements. Our team monitor the results and reach out to you if concerns or abnormalities are noted. In this manner we ensure that your treatment is always optimal and that you avoid costly hospitalisation.

Contact us on <u>clinitouch@clinicohealth.com</u> A member of the Clinico team will reach out to you to register you on the program. The program is free of charge for all Heritage Health members. All you need is your own mobile phone or tablet.

'Clinitouch connects patients with their clinical team, so that their health can be remotely monitored from anywhere.'

### **Wellness Benefits**

Wellness services are paid from the hospital benefits on all plans, except Moringa and Aloe Plans.

Category	Sub-Category	Age Band	Frequency	Namaf Tariff rate
